Rev. C. A. Wilson, who has been pastor of the Baptist church for several months, tendered his resignation to the congregation Sunday. He will remain in charge of church until about December 1st when he expects to leave for California. WANTED—Girl for office work. Must know something about short-hand and typewriting; apply at office of E. W. Bowen corner 1st and main streets.

An exciting run away occurred on second street which resulted in nothing serious but it was no fault of the team. It started up near the postoffice and was getting under good headway when it reached Main street and collided with a delivery wagon, smashing the shafts and tearing the wagon loose from the horse and throwing one of the team to the ground where it was held until untangled. There was a stove thrown from the wagon near the postoffice which was broken into a hundred pieces. This is another circumstance which proves all horses should be tied as one runaway might cause the death of some woman or child.

What Kind Do You Use?

Cream of Tartar, the chief ingredient of Dr. Price's Cream Baking Powder is a product of ripe grapes. It is pure and healthful beyond question.

Alum is the chief ingredient of many of the substitutes offered in place of Dr. Price's Cream Baking Powder. Alum is a mineral acid, declared by physicians and chemists to have an injurious effect when used in the preparation of food.

No baking powders containing alum are permitted to be sold in England, France or Germany. To avoid alum and be sure of wholesome, home-baked food, read the label carefully and use only
